Language:

English

Hindi

Professional Experience:

Freelance | Bangalore, India
2020 – Present

- Designed and developed responsive web applications using modern frontend frameworks like React and backend technologies like Node.js.
- Built scalable APIs and integrated third-party services to enhance functionality and performance.
- Collaborated with clients to gather requirements, create wireframes, and deliver customized solutions.
- Optimized codebases and implemented performance improvements, reducing load times by up to 40%.
- Managed end-to-end development for multiple projects, ensuring on-time delivery and client satisfaction.
